- 2) All bids are per lot as numbered in this catalog.
- 3) We reserve the right to withdraw any lot prior to sale.
- 4) All successful bidders shall be billed for postage, handling and insurance.
- 5) R M SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
- 6) A SMYTHE auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
- 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
- 10) All bids must be in whole dollar amounts; this includes percentage increases.
- 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
- 12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
- 13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
- 14) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
- 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
- 16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 17) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
- 18) In the event of dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. SMYTHE reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
- 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
- 22) No lots may be returned by floor bidders except for non-authenticity.
- 23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 25) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 26) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 27) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 28) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by SMYTHE for auction sales, catalogs or other monies due to SMYTHE.

United States Mint History Item

- 1154 **Envelope Addressed to Elias Boudinot by Mathew Boulton, February 7, 1800.** [2]
 Elias Boudinot (1740-1821) was a Continental Congressman (1777-1783), President of the Congress (1782-3), Secretary of Foreign Affairs, (1783-4), member of New Jersey's constitutional ratification convention, U.S. Congressman (1789-95), third Director of the U.S. Mint (1795-1805), trustee of Princeton (1772-1821) founder and President of the American Bible Society (1816-1821) etc. Mathew Boulton, (1728-1809) was a British manufacturer, who financed and encouraged James Watt to make the first steam powered mint machinery. His Soho mint was the most modern of its era. Don Taxay, in his book *The U.S. Mint and Coinage*, reports that on November 6, 1799, Boudinot wrote to Boulton inquiring at what cost Boulton could furnish the United States with the complete set up for the Mint equivalent to what Boulton was using and employing an eight horsepower engine. Boulton's letter of February 8, 1800 may have been a reply to Boudinot's letter. From the size of the envelope it is doubtful that any very full proposal could have been enclosed. Perhaps it was in regard to the visit of Robert Leslie, a London watchmaker to Philadelphia and his transmission of his conversation with Boudinot, which was along the same lines as Boudinot's November letter to Boulton. In any case, Taxay reports that there is no record of a reply to the November 6th letter, which if received at all, must now be lost or mislaid. Please note that an engraved print of Boudinot is part of this lot.

FEDERAL PROOF VIGNETTES & ESSAYS

Since we had the pleasure of handling the collection of Proofs, Vignettes and Essays from the Estate of Dr. Glenn Jackson, it has been our observation that serious collectors of Federal currency truly appreciate the preparation and design work that went into producing the issued notes. When possible, we have made reference to Gene Hessler's U.S. ESSAY, PROOF AND SPECIMEN NOTES and to our 1990 Memphis Sale catalog where Dr. Jackson's collection was featured. Additional important vignettes will be featured in our Mail Bid sale 101 closing on December 12, 1991.

- 1260 Proof Vignette of The Bison on India paper mounted on card. Popular vignette by Marcus Baldwin used on the Backs of 1901 Legal Tender \$10 Note. Light card aging and some upper left corner handling on the india. (Photo) (\$200-Up)
A series of four progressions of The Bison realized \$825.00 in the Jackson Sale.

- 1261 Proof Vignette of Spread Eagle on India paper mounted on card by NBN. Used on the Face of the 1862 \$100 Legal Tender notes. Very light, mottled foxing on the india (\$150-Up)
Engraved by Joseph P. Ourdan.

Popular "Chief" Vignette

- 1262 **Proof Vignette of Onepapa** on India paper mounted on card. As used on the face of the 1899 \$5 silver certificates. Wide margin india on the card, virtually pristine except for a spot on the card (Photo) (\$300-Up)

This specimen is different from the example we offered in the Jackson sale in that it is signed "G.F.C. Smillie-Se" and is titled "ONEPAPA". That piece brought \$462.00 in a furious fight.

Superb Progress Series

- 1263 Series of eight **Proof Vignettes of Daniel Manning** all on India paper mounted on cards. Portrait used on the 1886 and 1891 series \$20 Silver Certificates. The first two very preliminary, the next five with very subtle finishing touches added. The final vignette is complete. [8] (Please see bottom of page for photo) (\$400-Up)

There was nothing of like character in the Jackson collection. All of the vignettes have perimeter tack holes from where the plate engraver mounted them on his workboard. All are Choice, except a few with perimeter card foxing and the tack holes.

National Bank Note Vignettes

- 1264 **Proof Vignette of Landing of the Pilgrims** on India paper mounted on card. By ABN, but a version that was used on the backs of the First Charter \$1 national banknotes. Remounted, otherwise choice. (\$100-Up)

- 1265 **Proof Vignette of The Baptism of Pocahontas** on India paper mounted on card. As used on the backs of the \$20 First Charter notes. Hessler Fd103/p.153. A lovely large format vignette. Light aging on the india, the card appears to be cut down. (Photo) (\$350-Up)

The design was adapted from John Chapman and engraved by Charles Burt. A similar example brought \$675.00 in the 1990 Memphis sale.

- 1266 **Proof Vignette of Embarkation of the Pilgrims** on India paper mounted on card. As used on the backs of the \$50 First Charter notes. Hessler Fd104/p.154. Card cut down and some light aging around the edges. (Photo) (\$300-Up)

- 1267 **Proof Vignette of The Signing of the Declaration of Independence** on India paper mounted on card. As used on the backs of the \$100 First Charter notes. Card cut down slightly, otherwise choice. (Photo) (\$400-Up)
Engraved by Frederick Girsch, from the famous Trumbull painting.

- 1268 Another **Proof Vignette of The Signing of the Declaration of Independence** on India paper mounted on card. The card has been cut down considerably, but not reaching the india paper. (\$200-Up)

Third Charter Note Essays

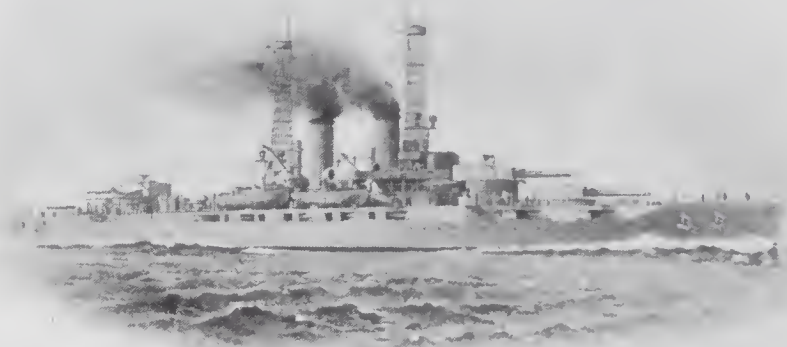

- 1269 Progress Face Proof Essay of the Left End of the \$5 Third Charter National Banknote. India paper, mounted on card. Sim. to Fd122/p.170. Part of the impression is off the india and directly on the card. Choice, a pencil notation at the lower right. (Photo) (\$200-Up)

- 1272 Progress Face Proof Essay of the Left End of the \$100 Third Charter National Banknote. On india, mounted on card. Hessler Fd126/p.177. Choice, like the two prior end face essays, part of the impression is directly on the card. (Photo) (\$350-Up)

- 1270 Progress Face Proof Essay of the Left End of the \$10 Third Charter National Banknote. Sim. to Fd123/p.170. On original card, but remounted with light overall card aging. Part of the impression is on the card. (Photo) (\$200-Up)

- 1273 Proof Vignette of *The Battleship* on India paper mounted on card. As used on the backs of the \$2 Federal Reserve notes. Blue serial number on back 766133, date May 10 1916 stamped in black. Wide margins on the india, a circular area of foxing at the right. (Photo) (\$150-Up)
A very popular type note and vignette.

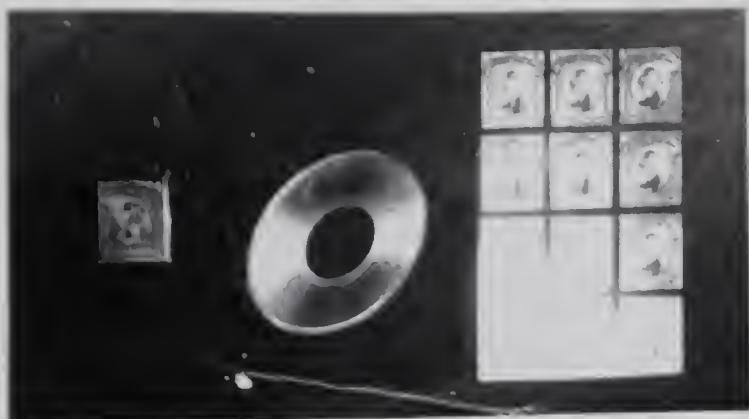

- 1271 Proof Back Essay of *Mechanics* as used on the Left End of the \$50 Third Charter National Banknote. Unlisted version, not in Hessler. On india paper, remounted on loose paper. Some face soiling, otherwise nice. (Photo) (\$300-Up)

- 1274 Proof Vignette of *Gold Coins* on India paper mounted on new card. As used on the backs of the National Gold banknotes. Black and White. Cut down card with handling and a tear at the upper left. (Photo) (\$150-Up)
The vignette appears in a black and white version and in gold. Although a few of these surfaced in the ABN archives sale (12/1990), they are still quite rare and desirable. This is especially so when you realize that for the most part, the extant issued notes are so worn that you can't really appreciate the fine details of this vignette.

Important Intaglio Steel Engraving Device

1275 Columbian Bank Note Company Specimen Stamp Encased Plate and Stamp Group. (Photo)

This lot consists of a black case with purple velvet lining 300 x 195 mm, containing three items and enclosure. The first item is a single steel plate of a single stamp with the inscription "Columbian Bank Note Specimen" and a portrait of George Washington. The second item is a round "daddy roll" consisting of several similar stamps. The third item is a plate of twelve subjects, arrayed three across and four down. The "daddy roll" stamps are positive (as they would appear as printed), the others are negative-i.e. in that form in which they would be used for printing. All are sunk into holes made to fit. The fourth item is a note holder with six specimen stamps in positive form, colored red, blue, orange, green, brown and black. These are brittle and have, in some cases, pieces broken off. A superb sample case used by the firm's salesmen to would-be stamp customers and showing only the slightest signs of wear.

Rare Photographer's Sutler Note

- 1325 SAMUEL A. COOLEY, Sutler of the 6th Regiment of the Connecticut Volunteers. 20¢. Cardboard chit, 2 3/8 x 1 1/2 inches. There is an embossed seal on the back which reads; "SAM A. COOLEY/PHOTOGRAPHER/DEPT OF THE SOUTH". Unc, stained in the center, rounded corners. (Photo) (\$300-Up)

The history of the Sixth Connecticut Regiment's service in the Civil War is as follows: The Sixth Connecticut Regiment of Volunteer Infantry was formed at New Haven and departed from that city for Washington, D.C., on September 20, 1861. Its 974 soldiers were then sent to Fortress Monroe, where they were assigned to the "Expeditionary Corps" and dispatched via two steamers, the "Marion" and the "Parkersburg" to Port Royal, South Carolina with a view to seizing the so-called "sea islands". Significantly, the unit's orders decreed that no sutler was to accompany any unit without a letter of appointment from the Secretary of War. The regiment operated in the South Carolina islands until February 1862 when it was ordered to Warsaw Sound, GA. In April 1862, it participated in the siege and capture of Fort Pulaski. Back in South Carolina, it conducted raids into Confederate territory (Secessionville engagement) and in operations directed against the important Charleston and Savannah Railroad. In March 1863, the regiment was sent south, where it participated in a raiding expedition up the St. Mary's River and in operations around Jacksonville, Florida. Once more in South Carolina, the 6th Connecticut joined other units in the siege of Charleston, fighting on Morris and James Islands in May and June 1863. On July 18, 1863, the regiment participated in the attack on Fort Wagner, where it was repulsed with heavy losses, including 138 of 534 members and their commander, Colonel Chatfield. This assault was recently immortalized in the movie "Glory", which covered the 54th Massachusetts Regiment of "Colored" infantry, under Colonel Shaw, who also suffered severely at the hands of the Confederate defenders. In January 1864, the unit was again ordered to Florida, where it shared in the defeat at the Battle of Olustee on February 20, 1864. It was then transferred to the Army of the James (River), under General Benjamin F. Butler. It fought in the fiasco Bermuda Hundred campaign to seize Petersburg and remained the Army of the Potomac for the remainder of the war.

Rare Trans-Mississippi Department Warrant.

- 1326 Marshall, Texas. Warrant. No.12/19. September 6, 1864. \$135.65. Signed by M.J. Hall, CSA Depository and endorsed by P.W. Gray, as "Agent Treasy T.M." VF. (Photo) ★(\$350-Up)

The Trans-Mississippi Department acquired its own treasury department by an act passed in July 1864, but it did not go into effect until September 1864. This is one of the few forms with Gray's signature. Less than 200 of these warrants or "Treasury Draft" forms were issued before May 28, 1865.

Choice Erlanger Bond Set

- 1327 £100, £200, £500, £1000. (Cr.116,117,118,119). Nos. 2233, 1245, 356, 1056. The two higher denominations are the Criswell plate pieces. [4] (\$600-Up)

Important Framed Document

- 1328 Confederate States of America. Letter of Marque and Reprisal, framed. U. VF, fold soiling. (\$500-Up)

Ex lot 914 of our Richmond Sale, where it brought \$500. These letters when properly filled out, authorized the owners of the designated vessel to conduct privateering operations. The Union authorities announced that anyone caught in this line of work would be hung as a pirate. This cooled interest considerably, particularly after the reports came in of the rigorous treatment meted out the unfortunate crews of the "Savannah" and the "Enchantress". Consequently very few of these certificates were issued and even blanks are Extremely Rare.

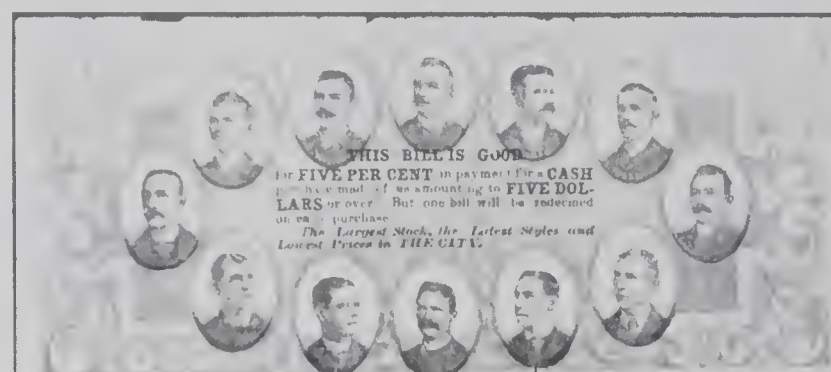

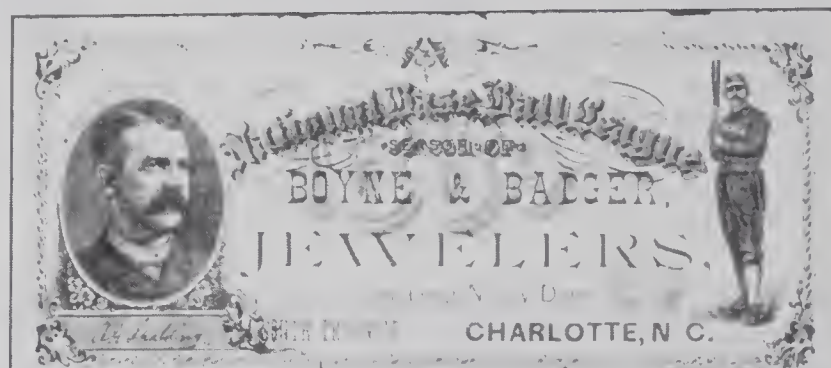

Rare Bound Volume

- 1329 Virginia Governor's Reports, 1863-1864 ★(\$2500-Up)

This bound edition book consists of the reports September 1863 until March 1864. The book consists of 54 separate reports ranging in length from one page up to one of 309 pages. There is much important material on all the aspects of war time life in Virginia, covering civil and military matters, state agencies, corporations and the like. This volume was bound contemporaneously, possibly for official use or by some lawyer having dealings with the Commonwealth. We doubt if more than 50 were thus made and that as many as 10 exist today, mostly in institutions. A key volume for the collector of Confederate Imprints.

OBSOLETE CURRENCY

BASEBALL ADVERTISING NOTES

- 1330 NC. Charlotte. BOYNE & BADGER. (Jewelers). 5% discount note. National League. Chicago team President Spaulding at left, team, all members named, on the back. Brown and black. F-VF, petty edge splits top and bottom. Rare! (Photo) (\$400-Up)

NASCA and R.M. Smythe have handled scarcely half a dozen baseball advertising notes of any sort in 15 years of operation.

- 1331 REWARD OF MERIT CARD. 1870 Printed by N. Orr Co. In color (possibly hand colorized). AU, rounded corners, a body hole, mild aging. (Photo) (\$150-Up)

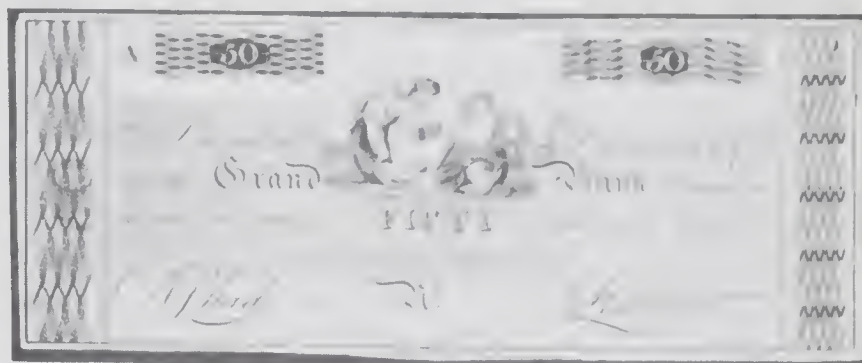

Of all the various rewards of merit we have seen or handled, this is the first we have seen of this baseball game type. Not only is this an important piece to the bank note collector, but it is an extremely important item of early baseball memorabilia.

- 1332 Double sheet RAWDON, WRIGHT, HATCH & EDSON Advertising broadside. Two beautifully engraved plates printed on the first and third sides of a folded sheet 16-1/2 x 10-1/8 inches. VF, some very minor nicks. Rare as a double sheet and Very Choice condition. Ex ABN archives. (Photo) (\$350-Up)

A nice two for one item, the second sheet appearing less than half the time with the scarce front sheet. The second sheet was evidently added to illustrate the firm's skills with color tints and denomination counters.

Please Note: "Stamped" when used in a lot description for a Proof note refers to the purple ink back stamp used by the American Banknote Company prior to the public auction sale of their archives in September, 1990. On india paper only proofs the stamp will show through in varying degrees.

- 1333 Newfoundland. GRAND BANK. 50 Fish. March 1, 1811, L&R, ptd by G. Reynolds of NYC. Fine, fold splits, repaired with narrow strips on the back. (Photo) (\$350-Up)

This "bill" combines a host of puns, banknote work and other early material. The Grand Bank refers to the fishing area off the coast of Newfoundland. Cashier "Shad" and President "Hallibut" add a further fish motif. The sea nymph on a shell, drawn by mythical spouting porpoises, completes the scene. Note the red tint, which was used only on a few banknotes of the era, chiefly in New York City. Also take note of the fine border work, well in advance of its time on circulating notes. The paper, however, is a very weak and thin, closely resembling the india paper of the time, showing that this item was intended as a throwaway advertising or possible political handbill commenting on British seizures of American fishermen plying their calling off the coast of Canada. These impressments led to war in June of 1812.

ALABAMA

- 1334 COUNTY OF TUSCALOOSA. \$3. Similar to R323-13, but an unlisted denomination, on brown paper. No.877. Fine, two small body holes, one in the top right border. (Photo) (\$150-Up)

- 1336 Same issuer. \$5. B. (R335-1). R-7. Proof, on india paper only, one of only two known to us. Unc, light wrinkling. Ex ABN Sale. (\$175-Up)

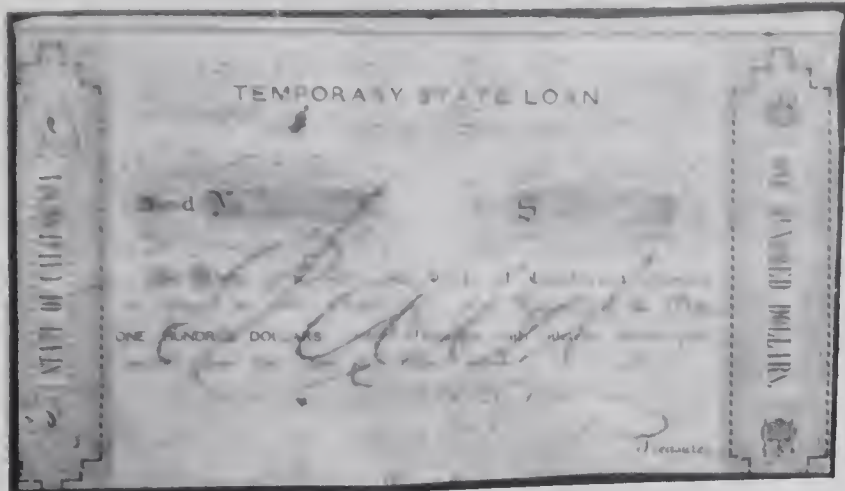

ARKANSAS

Double Note

- 1337 Fayetteville. STIRMAN & DICKSON. 50¢. (R201-2). R-6. Abt VG, rather soiled and trimmed down to the borders. (\$125-Up)
- This note was printed on the back of 1842 notes issued by the Town of Fayetteville. A nearly complete specimen of that issue, 50¢ (R192-2) R-7, somewhat soiled appears on the back of the listed note. A nice opportunity to buy two rarities for the price of one!

Please note that a 10% buyers charge will be added to each lot purchased on all purchases.

CALIFORNIA

- 1338 STATE OF CALIFORNIA. \$100. No.416. VG, on thin, soiled, brown paper, with ink notations on the back and a "Paid" notation on the face. The bottom border area has been trimmed off. First we have seen or handled. (Photo) (\$500-Up)
California did not become a state until September 1850, while the "state" issued this 3% per month promissory note, the previous month, August 14, 1850. While gold dust was plentiful, coin needed for public expenditures was at a premium-hence the usurious rate of interest paid. Note the Spanish language endorsement on the back for the town of Santa Barbara.

CONNECTICUT

- 1339 Bristol. MANUFACTURERS EXCHANGE BANK. \$5. 1814. L&R. VG to Unc, most are Fine-VF, with a few soiled or with edge tears. [58] (\$375-Up)

There is a red stamp on the back saying that the note is redeemable at the Banking House of De Clapp & Co., 142 Broadway, NYC.

FLORIDA

- 1344 Apalachicola. BANK OF WEST FLORIDA. \$2. (G-24). Proof on new card. Unc, aging, POC. (\$125-Up)

Unlisted In Freeman And Cassidy

- 1345 Tallahassee. JNO. ASHE(?). 6 1/4c. June 2, 1837. New York style 1830's stock note. Filled in with purple ink. Good-VG, fold splits, and an edge piece gone at the left, aging, laminated on the back. (Photo) (\$300-Up)

This note may well be an unlisted issuer for Tallahassee. The purple ink may put some off, but the evidence is that the work was done contemporaneously, as the bleed through occurred after the note was moistened and backed. There would have been little purpose of issuing this note under a fictitious name as the Florida capital was a small town where the credit of most persons was pretty well known. If it is something manufactured for collectors, it is a very old fraud.

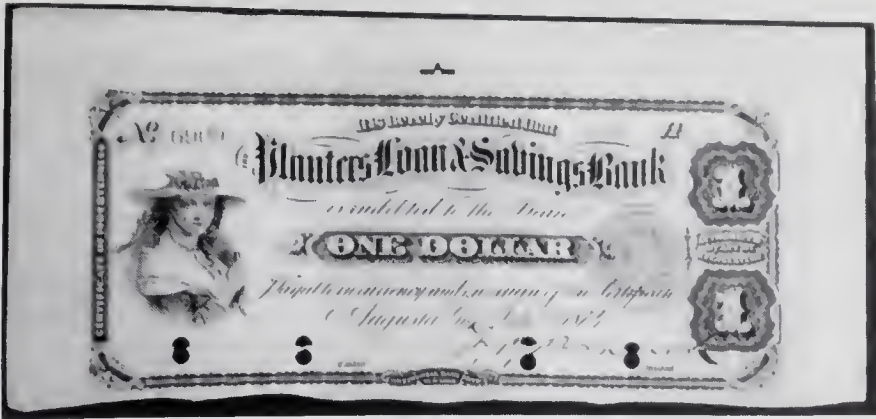

GEORGIA

- 1346 STATE. \$500. (Cr.20). No.681. Fine, several small pinholes. (\$110-Up)

A VERY INTERESTING AND MOST DESIRABLE COLLECTION OF LOUISIANA PAROCHIAL ISSUES

Although scrip, promissory notes and bonds issued by various Louisiana parishes have been avidly collected and the subject of great interest for many years, nothing of consequence has been written about these issues. The only book devoted exclusively to this subject is the late Dr. John A. Muscalus' pamphlet, Parish Scrip Issued in Louisiana (Historical Paper Money Research Institute, Bridgeport, Pa., 1966), which merely features pictures of the scrip which was then in Dr. Muscalus' collection. Serious, scholarly work should be devoted to this subject.

The Parishes of Louisiana

Near the close of the Seventeenth Century, two brothers and explorers, Iberville and Bienville, discovered the mouth of the Mississippi River and claimed the colony of "Louisiana" for the King of France. Under French auspices, the Catholic Church moved swiftly to establish a dominant position for itself in this new French colony. Except for a brief period of Spanish rule, Louisiana remained under French jurisdiction for over one hundred years, until it was sold to the United States as part of the Louisiana Purchase in 1803.

Because of its pervasive French Catholic influence, Louisiana is unique among the fifty states in that it does not have counties. Instead, Louisiana has "parishes", the first of which were established in the Territory of Louisiana in 1807. When Louisiana achieved statehood in 1812, this custom was not changed, and so, as new "county-type" jurisdictions within the State were created, they, too, were called parishes. In typical French fashion, the original governing body of each parish was called the "police jury". Today, there are sixty-four parishes in Louisiana. Thus, Louisiana parish issues correspond to the county issues from other states.

Parishes Which Issued Scrip, Notes or Bonds

With the outbreak of the Civil War, Louisiana's inhabitants found themselves in the same precarious monetary and financial situation which afflicted populations in the other Southern states. Specie was hoarded, so no "hard" money circulated. In late 1861, the police juries of certain parishes began to authorize the issuance of scrip in an attempt to offer some relief from the deteriorating situation. Funds were also needed for war mobilization purposes or aid to soldiers' families.

As the accompanying table shows, at the time of the Civil War, Louisiana had forty-eight parishes. Seventeen parishes were formed after the Civil War, but two of these parishes, East Carroll and West Carroll, were formed when Carroll Parish, which had been established in 1832, was divided in 1877.

Of the forty-eight pre-Civil War Louisiana parishes, at present, forty-two are known to have issued scrip, promissory notes or bonds in one form or another. The Orleans Parish has always been coterminous with the City of New Orleans, so it never issued any scrip as a parish. The five parishes for which no such material has come to light are: East Feliciana, Jefferson, Ouachita, Plaquemines and St. Bernard.

West Baton Rouge only issued a small quantity of bonds. Although the consignor of the parish scrip collection in this catalogue has received verbal reports of the existence of notes or scrip from Ouachita Parish, no actual notes or photocopies thereof have surfaced. It is entirely possible that Ouachita Parish never issued anything, for its parish seat and population center during the Civil War was, and still is, the City of Monroe, which issued scrip on its own behalf and from which other issuers -- merchants, railroads, etc. -- also issued scrip.

It must also be observed that the five other parishes listed above have been located immediately adjacent to, established population centers. West Baton Rouge Parish is across the Mississippi River from, and East Feliciana Parish is next to, East Baton Rouge Parish, whose parish seat is the City of Baton Rouge, home to many Civil War scrip issuers, including the city and the state governments. Similarly, Jefferson Parish, Plaquemines Parish and St. Bernard Parish abut upon the City of New Orleans. Moreover, Jefferson City issued its own notes. Accordingly, it is probable that only forty-one parishes actually issued scrip.

With few exceptions, the general rule of thumb in parish issues is that the farther north a parish lies, i.e., closer to the Arkansas-Louisiana Border, the rarer the parishes' notes. The collection contains items from the following north Louisiana parishes:

Bossier (Lots Nos. 1396 - 1400), Caddo (Lots Nos. 1401 - 1403), Caldwell (Lots Nos. 1405 - 1409), Claiborne (Lots Nos. 1419 - 1423), De Soto (Lots Nos. 1426 - 1428), Franklin (Lots Nos. 1429 - 1431), Jackson (Lot No. 1433), Madison (Lot No. 1442), Morehouse (Lots Nos. 1443 - 1444), Natchitoches (Lots Nos. 1445 - 1452), Sabine (Lots Nos. 1454 - 1455), Union (Lot No. 1486) and Winn (Lots Nos. 1495 - 1496).

The collection has several odd denomination issues: 20¢ Ascension Parish (Lot No. 1369), \$4.00 Tensas Parish (Lot No. 1482) and \$1.50 Terrebonne Parish (Houma Consolidated Association) (Lot No. 1485).

The Collection in This Sale

The collection offered for sale herein contains at least one item of material from each of the forty-two parishes known to have issued scrip, promissory notes or bonds. As such, it constitutes the only known collection containing items from each of the forty-two known issuing parishes. It was formed over a thirty year period.

The items in the collection reflect an interesting distribution by date of issue. A few notes were issued in 1861, the Civil War having started in April of that year. Many more notes were issued in 1862, but New Orleans fell to Farragut's forces in May of that year, and the occupying Union Army began to expand its control over other areas of Louisiana. The decline in the number of new emissions in 1863 vis-a-vis those in 1862, reflect this expanding Federal control. By 1864, Federal incursions, growing chaos and the Confederate hyperinflation eliminated the need for low denomination new note issues. As a result, only one note was issued during that year, a \$1.00 note from Claiborne Parish (Lot No. 1420).

The collection has material issued during Reconstruction, two \$100.00 coupon bonds issued by Concordia Parish in 1867 (Lots Nos. 1424 and 1425) and two very elaborate \$5.00 notes issued by St. James Parish in 1873 (Lot No. 1464) and in our Mail Bid Sale.

The collection also has circulating scrip in denominations from 5¢ (St. John the Baptist Parish, Lot No. 1465) to \$20.00 (Claiborne Parish (Lot No. 1422), De Soto Parish (Lot No. 1426), Natchitoches Parish (Lot No. 1445) and Sabine Parish (Lot No. 1490). In thirty years of collecting, the consignor never encountered any scrip item in a denomination higher than \$20.00.

Other "non-scrip" items from the collection are promissory notes from Calcasieu Parish (Lot No. 1404) and Claiborne Parish (Lot No. 1423), "bonds" from St. Tammany Parish (Lots Nos. 1478 - 1481) and coupon bonds from Concordia Parish referred to above, and from St. Landry Parish (Lots Nos. 1466 - 1469). There is a long list of ultra rare parish bonds, some printed, some part printed and a few are entirely handwritten.

Taken as a whole, this collection offers unparalleled opportunities, not only for the serious collector of Louisiana obsolete material, but also for the general collector of highly desirable and rare material, to acquire items which may never be encountered after this sale.

RARITY AND ESTIMATES

Our verbal rarity descriptions and estimates for the Louisiana notes are a combination of past prices realized, personal note sightings and information supplied by the consignor. Obviously an excessively rare note from a parish where only one note is known, should be valued more highly than a note of similar rarity from a more available parish. Also where the parish designs are similar for each denomination, they will be marginally less desirable than where the designs are different. Damaged unique items may well command undamaged prices. Keep in mind, as we stated earlier, this may prove to be a once in a lifetime opportunity to acquire many of these notes.

An unusual note, all in green with the "100 cents" denomination in both side borders.

PARISH OF JACKSON

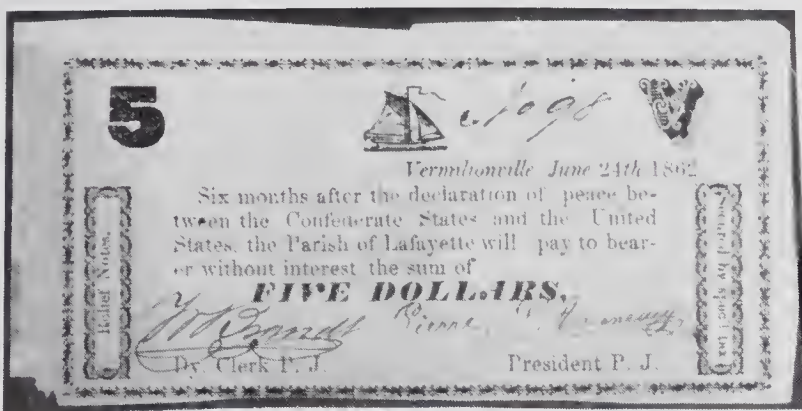

Discovery Note

- 1433 Vernon. PARISH OF JACKSON. \$2. C. No.459. 7/23/62 (written day). Black on thin brown paper. Fine, back endorsement ink bleed through. Excessively Rare. (\$500-Up)

Extremely Rare Private Scrip Issuer

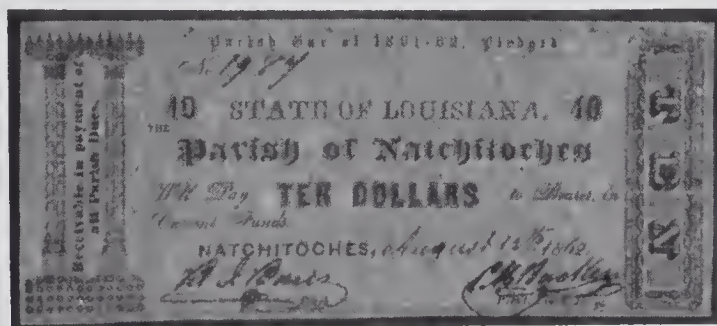

- 1448 Natchitoches. LOUIS DUPLEIX. (in the PARISH OF NATCHITOCHES). \$3. 12/20/62. B. Natchitoches Union Print. Red mule drawn cotton wagon. On backs of notes of the Bar of the Southern Hotel (50c-25c-\$1). G-VG, a piece out of the lower left corner border. (\$300-Up)

This is not a parish note, but a private scrip note utilizing a more familiar and probably trusted format of an official parish issue. This is the only note of this type contained in this collection and we hate to reiterate, but **Extremely Rare.**

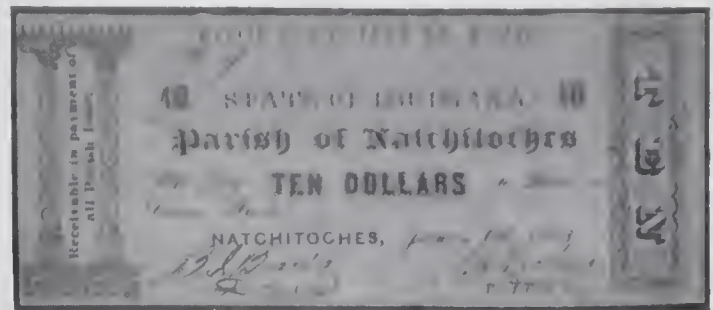

- 1449 Natchitoches. PARISH OF NATCHITOCHES. \$5. 8/12/62 (written day and month). Typeset on brown paper. A solid Fine, left top border trimmed. **Extremely Rare.** (\$200-Up)

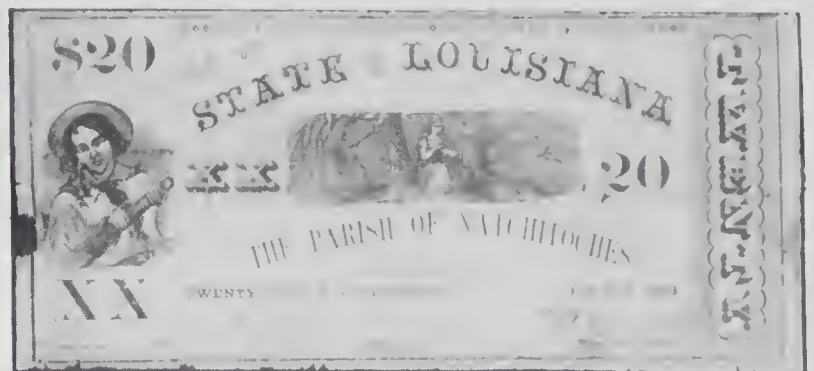

- 1450 Natchitoches. PARISH OF NATCHITOCHES. \$10. 8/12/62 (written day and month). 8/12/62. Similar design as last. VF-EF, but ink corrosion holes in the right signature. **Extremely Rare.** (\$250-Up)

Incredible Grade Rarity

- 1451 Natchitoches. PARISH OF NATCHITOCHES. \$10. 1/6/63. No.9 of probably a short issue. 1862-3 taxes pledged. Other than the dates, similar to the two preceding. AU, left corners folded. **Extremely Rare** (\$300-Up)

High Denomination Rarity

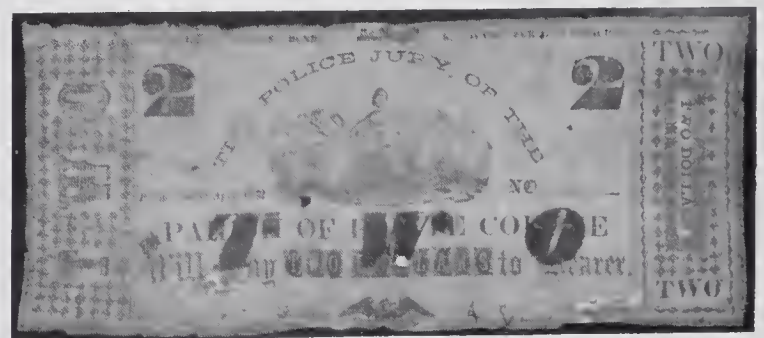

- 1452 Natchitoches. PARISH OF NATCHITOCHES. \$20. 2/20/63. Natchitoches Union Print. Abt VG, fold splits, a piece out of the left margin, into the border. **Excessively Rare.** (\$350-Up)
The vignette at the center features Evangeline (as in Longfellow's poem).

PARISH OF POINTE COUPEE

Though most of the issues that are known from this parish are not very rare, they often are encountered in below average condition. This collection contains exceptions to that rule; please see the December 12, 1991 Sale catalog for the majority of types from this parish.

Possibly Unique Issue Date and Overprint Type

- 1453 Pointe Coupee. PARISH OF POINTE COUPEE. \$2. 4/62. Echo Print. Good-VG, holed in the bottom in several places, crudely repaired on the back. (\$300-Up)

Style is very similar to the July, 1862 issue with the addition of a black "T W O" overprint in a right slanting style, very probably from a wood cut stamped on the note. Why examples from this particular date are so rare is an enigma, although the idea of using the surcharge may well have been abandoned for a new design. Indeed, from the signatures at the bottom, it is questionable whether this possible essal was ever emitted.

- 1453A PARISH OF POINT COUPEE. \$1000. March 3, 1862. Paulin Durel, printer, 37 Charters St. N.O. Part printed form, date and denomination filled in. Black on blue paper. One year 8% Certificate of Indebtedness, payable at the Citizens Bank. EF, back endorsements, tear hole lower left. (No Photo) (\$100-Up)

Please note that a 10% buyers charge will be added to each lot purchased on all purchases.

PARISH OF RAPIDES

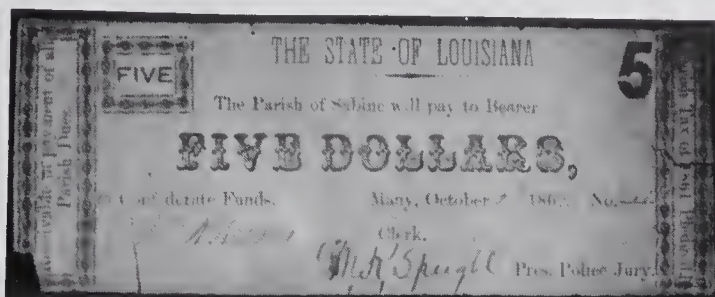

Two examples of notes from this parish will be featured in the December 12, 1991 Catalog.

- 1453C Alexandria. PARISH OF RAPIDES. \$500. September 10, 185/61. True Delta print. Part printed eight month 8% promissory note, payable at the Southern Bank at New Orleans. VF, pinholes. (No Photo) (\$100-Up)

PARISH OF SABINE

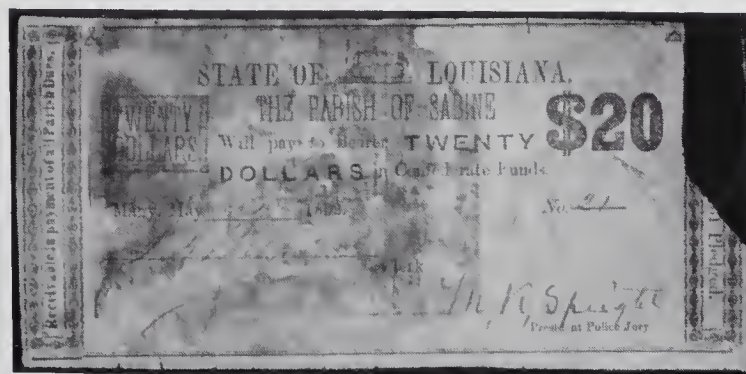

This collection is graced with two different examples from this Excessively Rare parish.

Another, Probably Unique Note

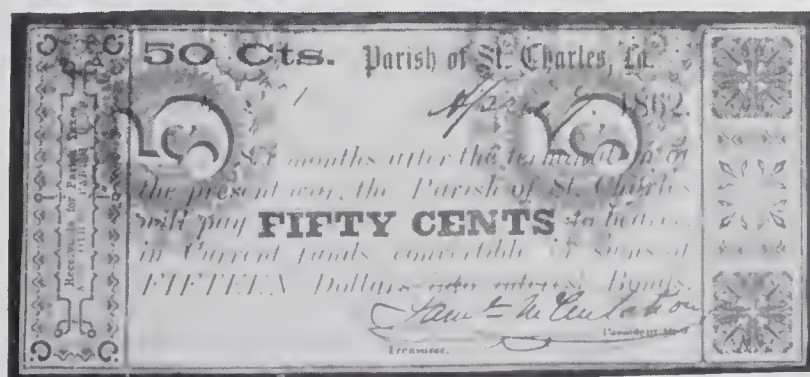

- 1454 Many. PARISH OF SABINE. \$5. 10/28/62 (written day). No.269. Black on discolored blue paper. G-VG, two long splits; one up from the bottom at the left; the other in from the center right end. There is a piece out of the lower left corner. (\$300-Up)

High Denomination Excessive Rarity

- 1455 Many. PARISH OF SABINE. \$20. 5/31/62 (written day). Black on blue discolored paper. What is there is VG-Fine, but half the right border is gone, there is a long split down from the top that has nearly cut through and there is a massive tape stain over the left and center. (\$300-Up)
Once again the condition is academic, for this is the last chance (at least for now) to own a note from this parish.

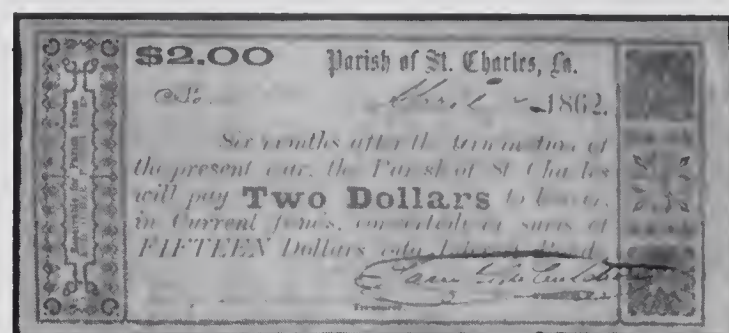

PARISH OF ST. CHARLES

- 1456 PARISH OF ST. CHARLES. 50¢. 4/7/62 (written day and month). Printed on the backs of \$5 Bank of Commerce notes. AU, a pinch half fold in the center. (\$200-Up)
There is a dispersed accumulation of this issue, but now they are very tough to find. While our consignor rates this note as a rarity 2 or rarity 3 item, we beg to disagree. This denomination is seldom encountered and probably Rarity 6 or better. We can only recall handling one and that was out of a group of notes that was Ex Weill Brothers (the famous Stamp Dealers, who had a keen eye for choice Confederate and Southern obsolete currency).

- 1457 PARISH OF ST. CHARLES. \$1. 4/7/62 (written day and month). Printed on the backs of \$10 and \$20 Bank of Commerce notes. EF, a fold at the right and a small piece torn out of the lower right border. (\$150-Up)

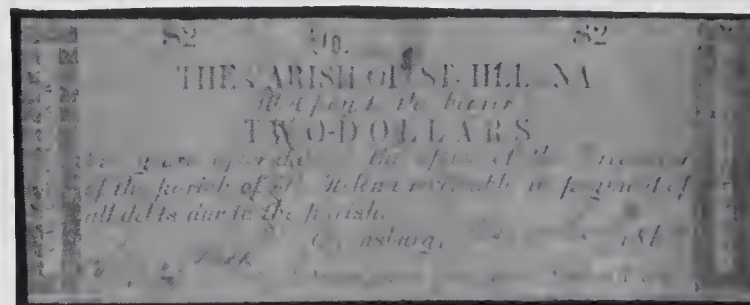

- 1458 PARISH OF ST. CHARLES. \$2. 4/7/62 (written day and month). Printed on the backs of New Orleans merchants scrip notes by RWHE (1840s) in \$10 and \$20 denominations. Fine, some fold soiling. (\$150-Up)

PARISH OF ST. HELENA

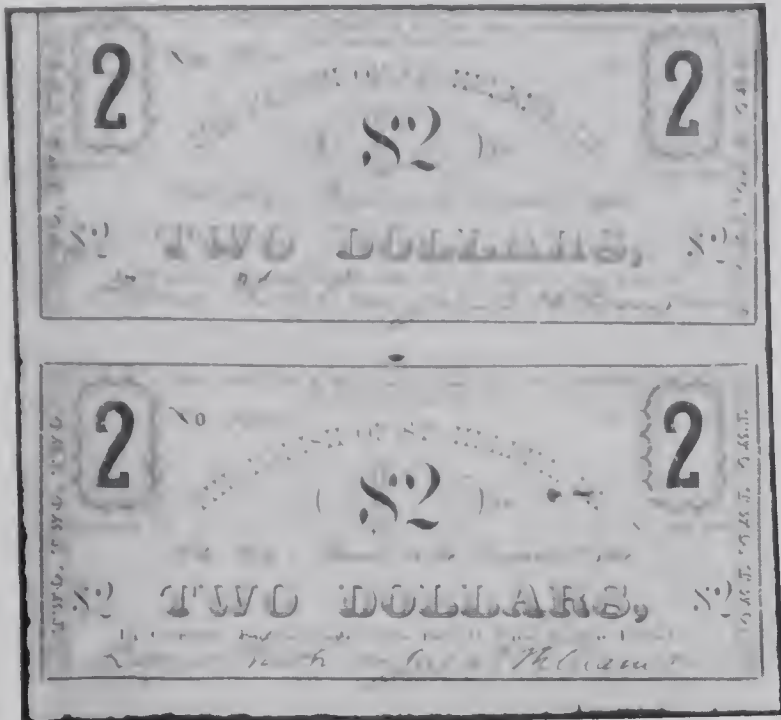

- 1459 Greensburg. PARISH OF ST. HELENA. 50¢. 11/20/62. Typeset on white paper. VG, a short top edge tear at the left and some mottled staining. Extremely Rare. (\$300-Up)

- 1460 Greensburg. PARISH OF ST. HELENA. \$2. 11/7/62 (written day and month). Black on brown paper. VG, plus, a foxing stain; the top border is trimmed and there is a pen cancellation. Extremely Rare. (\$300-Up)

R. M. SMYTHE auctions reach the nation's most important collectors of U. S. and International Coins, Currency, Stocks & Bonds, Autographs, Medals, Tokens and Related Items. Consigning is easy. Immediate cash advances are readily available. Call toll-free: 800-622-1880 (NY residents call 212-943-1880).

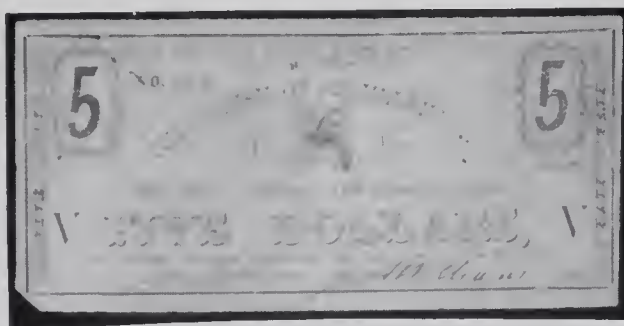

Almost Certainly Unique Uncut Pair

- 1461 Greensburg. PARISH OF ST. HELENA. \$2-\$2. 11/20/62. No block letters, but serial numbers 984-5. The notes may be distinguished by the fact that the curl to the left of the right denomination counter is reversed. Fine, fold splitting, holed in the bottom, stained. (\$600-Up)
A custom lucite holder is included with this lot. Each note is Extremely Rare.

- 1462 Greensburg. PARISH OF ST. HELENA. \$3. 10/7/62 (written day and month). Black on brown paper note. VG, a small body hole, a trimmed top border, pen cancelled and soiled in spots. Extremely Rare. (\$300-Up)

- 1463 Greensburg. PARISH OF ST. HELENA. \$5. 11/20/62. VG, some staining, the lower left corner tip is broken off. Extremely Rare. (\$300-Up)
Ex Stanley Gibbons, Part IV Sale (NASCA, 4/82) lot 1064. the arrangement of the ornament to the left of the right number medallion and the fact that this is an odd numbered note, 203, suggests a sheet of at least two notes odd at the bottom and even at the top, with a different ornament.

Please note that a 10% buyers charge will be added to each lot purchased on all purchases.

PARISH OF ST. JAMES

Choice and Rare Reconstruction Era Note

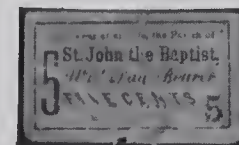

- 1464 PARISH OF ST. JAMES. \$5. 7/10/63 (all written date). No.1476. Black and red tint on the face; a green back with a scene of the Court House. VF. Very Rare or Extremely Rare. (\$200-Up)

PARISH OF ST. JOHN THE BAPTIST

The March, 1862 printed notes appear in the December 12, 1991 Mail Bid Sale with six notes of four different varieties featured.

Excessively Rare Cardboard Scrip Note

- 1465 PARISH OF ST. JOHN THE BAPTIST. 5c. 3/25/62. 48x30mm black on blue cardboard chit, with no imprint. Fine, quarterfolded, surface cracking on the face, glue stains on the back. (\$125-Up)

No other note in this collection is of this character. According to our consignors this item is Unique. Cardboard money is comparatively common in the North, particularly in or around New York City during the Civil War era. In the South, however, such items are comparative novelties, being confined exclusively to New Orleans and southern Louisiana, with the exception of a post master chit circulated in Mobile, Alabama, and probably ordered in New Orleans.

PARISH OF ST. LANDRY

The parish scrip notes of the Parish of St. Landry are the most prolific of Louisiana scrip issues. Not only are there different issue dates, but within those dates are several different border, size and ink variations; an area that would be a study in itself to the interested specialist. These notes will be featured in the December 12, 1991 sale. The parishes' bonds are a different matter; for they are much rarer.

- 1466 PARISH OF ST. LANDRY. \$500. Part printed. Typeset on waxy paper. March 15, 1862. 8% two year bond. No.11. Payable at the Louisiana State Bank. VF. (No Photo) (\$100-Up)

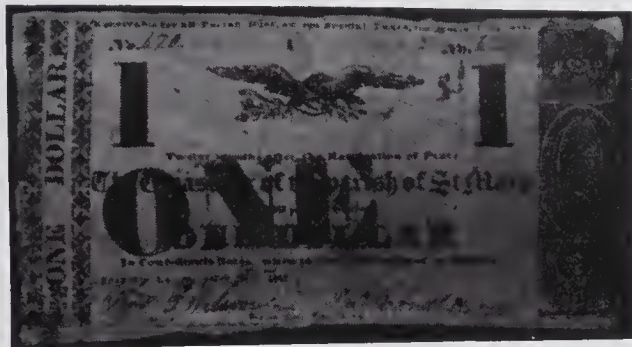

This bond was part of an issue of \$100,000 per the ordinance of March 5, 1862 for defense purposes, the bonds to fall due in two, four, six and eight years respectively. At \$500 per bond, this meant the issue of only 200 bonds divided into four groups of fifty each. Some of these were captured by the Federal forces and were subsequently lodged in the National Archives, where most of them repose today. Some, however, got out and were put into presentation books given the U.S. government to GAR chapters etc. We estimate that five sets or less are available for collections today.

- 1467 Same issuer, \$500. No. 66, due in four years. VF. (\$100-Up)
- 1468 Same issuer. \$500. No.132. Due in 6 years. VF, but fold splits and edge aging. (No Photo) (\$100-Up)
- 1469 Same issuer. \$500. No.174. Due in 8 years. VF, a piece out of the left edge. (No Photo) (\$100-Up)

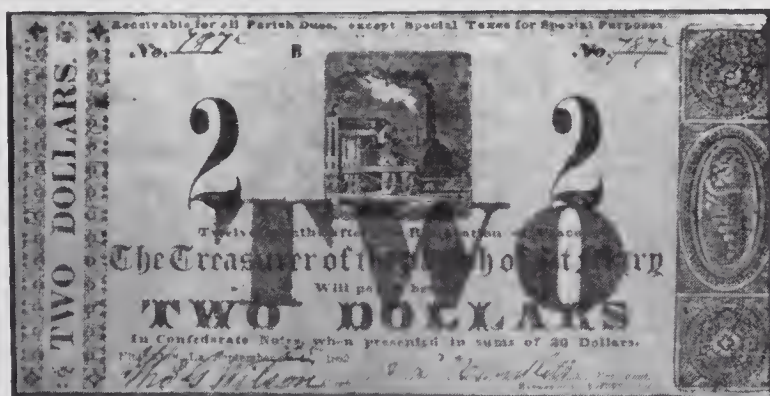

PARISH OF ST. MARTIN

Another parish issuer whose notes, though not rare, are filled with varieties and bi-lingual back designs. They are included in the December 12, 1991 sale.

PARISH OF ST. MARY

- 1470 Franklin. PARISH OF ST. MARY. \$1. 9/25/62. (written day).
A. No.670. Banner Print, Franklin, La. Black on tissue brown paper, with a blue protector. VG, but body holes top right and pieces out of the top right corner tip. Very Rare. (\$200-Up)
Rarity 5 in the opinion of our consignor; we believe it is rarer. this note is a printing error. The paper was folded over when printed upon at the bottom. If flattened out, there would be a large printing void.

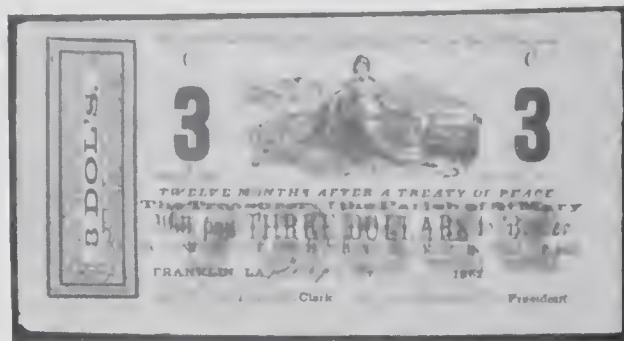

- 1471 Franklin. PARISH OF ST. MARY. \$2. 9/25/62. (written day).
B. No.7872. Same printer etc. as last. F-VF, choice for this usually ratty thin paper. Very Rare. (\$250-Up)
The rarity of this should be in the same league as the previous note.

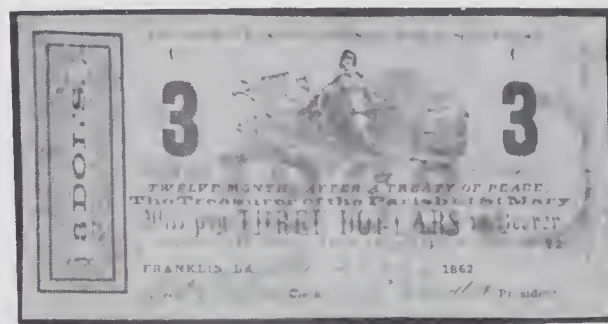

Extremely Rare \$3 Denomination Note

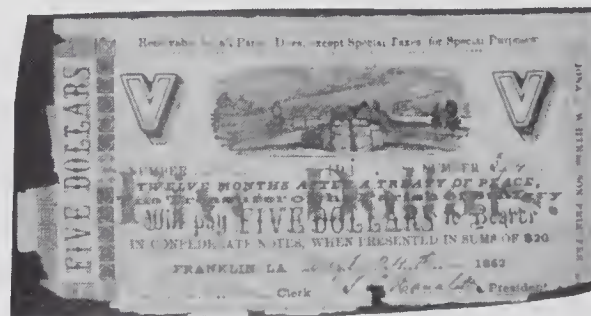

- 1472 Franklin. PARISH OF ST. MARY. \$3. 5/5/62 (written day). C. No.237. Fine, a brown stain along the top border and a smudge at the right. Extremely Rare. (\$350-Up)
A classic instance of an extremely rare variety in an other wise available, but scarce issuer. We know of only one accumulation of these notes some fifteen years ago, with about forty pieces scattered over about ten varieties. None of this note were in that group.

- 1473 Franklin. PARISH OF ST. MARY. \$3. 7/19/62 (written day and month). C. No.1174. Black on waxy tissue paper, with a red protector. Same printer as the next although without an imprint. Abt VF, a light foxing stain. Very Rare. (\$250-Up)

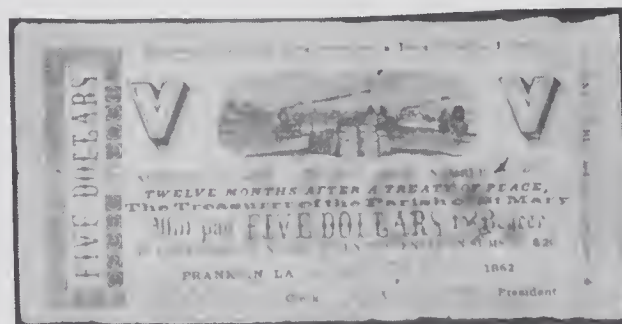

- 1474 Franklin. PARISH OF ST. MARY. \$3. 9/22/62 (written day and month). C. No.1539. Jona C. White and Son, Printers. Black on white, with a red protector. Fine, water stains or foxing, left and right ends. Very Rare. (\$200-Up)
Identical to the last, except for the red "THREE" overprint.

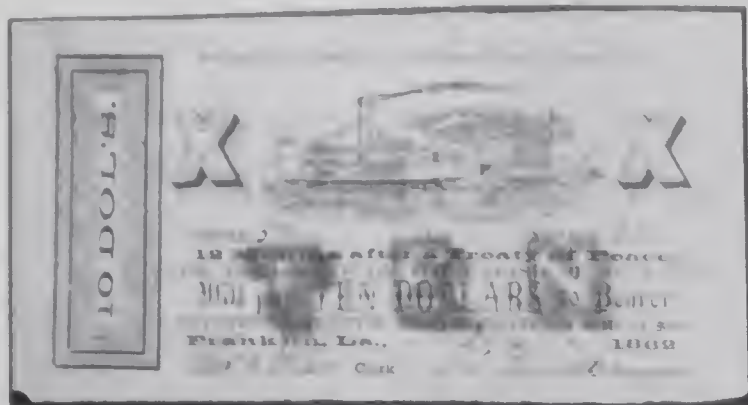

- 1475 Franklin. PARISH OF ST. MARY. \$5. 8/24/62 (written day and month). D. No.374. Jona. C. White and Son, Printers. Black on white, with a red protector. VG, but large pieces gone from the left border and smaller pieces from the bottom edge. Extremely Rare. (\$125-Up)
In all likelihood, only 400 or so of these were issued as compared to 800 of the succeeding variety.

Interesting Overprint Type

- 1476 Franklin. PARISH OF ST. MARY. \$5. 8/26/62 (written day and month). D. No.405. Same imprint as last, but red protector reads "1862", not "Five". VG-Fine, a couple of small body holes in the top edge. Extremely Rare. (\$200-Up)

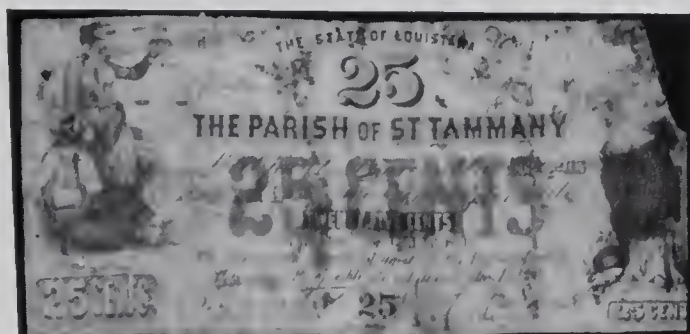

- 1477 Franklin. PARISH OF ST. MARY. \$10. 7/22/62 (written day and month). E. No.59. No imprint, black on white, red protector, "TEN". AU, light half folds and a rough bottom edge. Extremely Rare. (\$250-Up)

From the plate letters of the this and the last two notes from the Hall printer, there were probably \$1 A, \$2 B and \$20 F block notes on the same six note sheet or strip. The fact that these denominations of this type are not in this collection leads us to think that the consignor is being rather conservative in his Rarity 5-6 rating for this emission. From our viewing of the accumulation mentioned earlier, it would appear that printed 1862 dates appeared with July, August and September 1862, so that several different sheets were needed to make these notes. Thus, on a limited supply, there appear to be quite a few varieties, making the procurement of any particular note, as opposed to any note at all of this Parish, a formidable task.

Rare Warrant

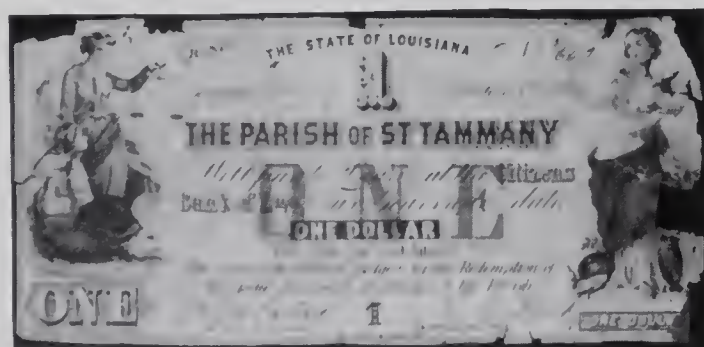

- 1477A Franklin. PARISH OF ST MARY. \$500. October 7, 1861, eight month 8% warrant, No. 30. Typeset, part filled in, black on white laid paper. VF, tear hole in the lower left corner. Pen cancelled, back endorsements. (\$100-Up)

PARISH OF ST. TAMMANY

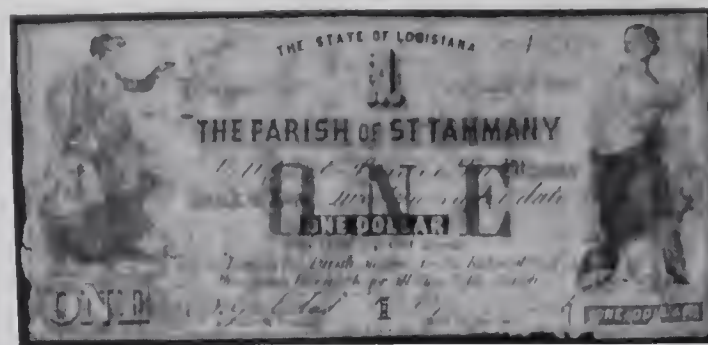

- 1478 Covington. PARISH OF ST. TAMMANY. 25c. 1/1/62. No.1133. Pessou and Simon. Black on white "bond" with a red protector. Fair, the top right corner is broken off and the left end has been repaired. The note is quite soiled and is backed. Very Rare to Extremely Rare. (\$125-Up)

Pessou and Simon were among the leading New Orleans lithography firms. Note that these notes were payable at the Citizens Bank with 8% interest two years after date.

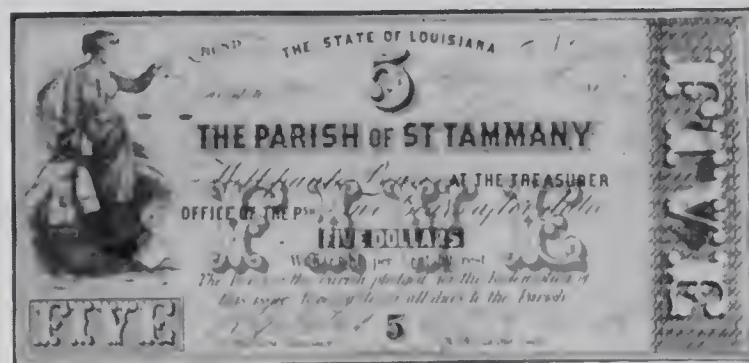

- 1479 Covington. PARISH OF ST. TAMMANY. \$1. 1/1/62. Same as last, No.662. VG, what there is of it, but with pieces gone from both edges and with paper disintegration checked on the back by stamp hinges. Very Rare to Extremely Rare. (\$125-Up)

Because of the change shortage, a group of merchants got together in Houma to issue change notes, redeemable in Confederate money, six months after issue. The Parish Police Jury apparently approved of this issue and, in any case, before it could change its mind, the Parish was occupied by the federal forces and the Consolidated Association compelled to call in its notes which were payable in Confederate money—hence their scarcity today.

- The back involves a complicated British scheme for thwarting counterfeiters by elaborate geometric patterns combined with the mixing of red and black colors. Used in Britain from 1820-1830, it was abandoned as too expensive, but was used on this late, modified Perkins plate to fend off the makers of spurious bills.

- 1626 HOBOKEN BANKING AND GRAZING CO. U. Unlisted post note, by FDU, 1823-1827. Fine, COC. (Photo) (\$100-Up)
The red back, in the photo, is one of the few seen before the 1830's. A Franklin and a Washington bust are on each side, both being used on bank notes. Medallions with a Minerva head alone and a Minerva head with that of Mercury alternate over a vignette with the American arms used by the Bank of the United States.

- 1630 Hopewell. BLACKWELL, JEWETT & CO., per the Mechanics and Manufacturers Bank at Trenton. 10c. Unlisted denomination, but similar to W-828, R-7. VG-Fine, a short bottom edge tear. (\$100-Up)
- 1631 Jersey City. BANK OF AMERICA. \$1. (G-2). VG, with light soiling. Scarce, with an attractive design that for some reason includes the Connecticut state arms, lower right. (\$100-Up)

- 1632 Jersey City. HUDSON COUNTY BANK. \$5. (G-10a). VG, moderate aging. (Photo) (\$200-Up)
Misdescribed in Haxby, in as much as the lower vignette is that of a blacksmith. The steamboat is labeled the "ARESCED" not the name listed.

- 1633 Jersey City. MORRIS CANAL AND BANKING CO. \$20. (G-3b). Fine, but bottom edge chinks and ink corrosion holes. A tough note! (\$75-Up)

The note is depicted as part of the sheet of three notes illustrated in Wait. This note was apparently cut off from the 12-1/2¢ notes, the tape stain being a perfect match.

- 1643 New Brunswick. BANK OF NEW JERSEY. \$1. (G-20a). Lazy "1" back in red. VG, a small nick in the left top border. (Photo) (\$100-Up)

- 1644 Same issuer. \$1. (G-20d). Lazy green "1" on the back. G-VG, foxing spots, edge nicks. (Photo) (\$100-Up)
Haxby makes no mention of this back; perhaps the specimen seen was so worn that it had faded away; certainly the back of this note is not vivid.

This note has an Indian drawing a bow, left; a waterfalls scene, left of center, and Hebe feeding an eagle, right. The note is authentic bank note company work by RWI, so that either the note was a spurious fraud, which is doubtful, or the person stamping the note did so in error.

- 1657 Paterson. PEOPLES BANK. \$1. (G-8). SENC? Haxby did not, in any case know the name of the printer, DB. Proof, on card. Unc, POC. (Photo) (\$100-Up)

Rare Princeton Proof Notes

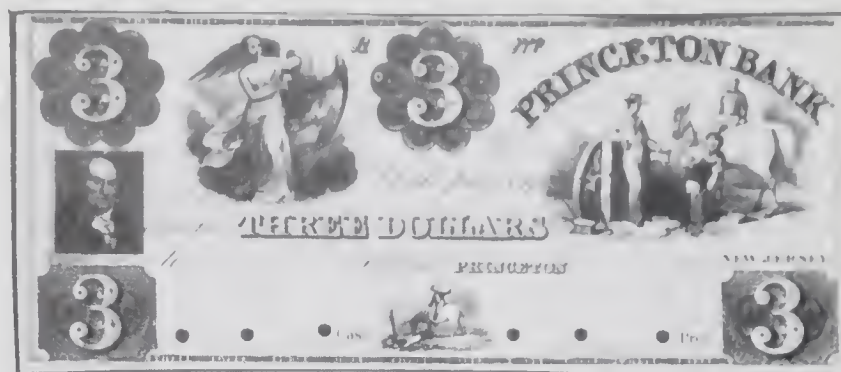

- 1661 PRINCETON BANK. \$1. (G-2). SENC. Proof, on india paper only. Unc, POC, back hinge mounting strips. (Photo) (\$200-Up)

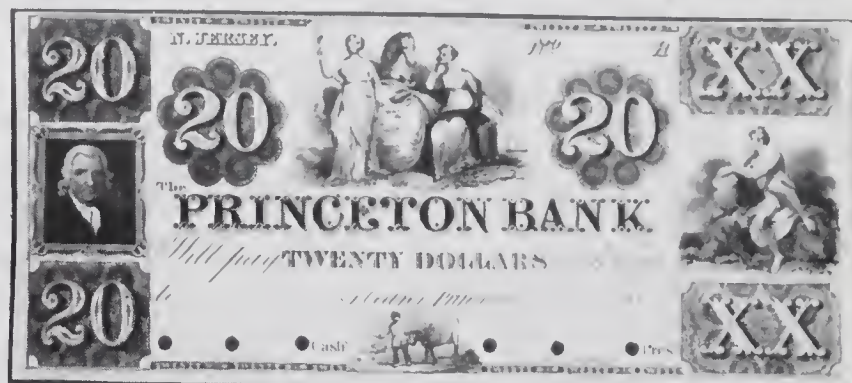

The reason that Elias Boudinot appears on most of these notes is easily explained. Besides being of an old Princeton family and a Princeton resident, the brother-in-law of Princeton's most famous citizen, Richard Stockton, signer of the Declaration of Independence, (each man married the other's sister) and the former director of the U.S. Mint (1795-1805), Boudinot was also a founder of the Princeton Theological Seminary, President of the American Bible Society (1816-1822) and a long time trustee (1772-1821) of what is now Princeton University. A street bordering Stockton's estate, Morven, is named in his honor.

The Scudder family were prominent in the Princeton area, Scudders Mill Road and Scudders Falls on the Delaware River come readily to mind. We know of no other notes of this issuer.

Another Scrip Note Rarity, per the Princeton Bank

Rocky Hill is a small town about six miles from Princeton on Route 206. At the time this note was issued, it was merely an unincorporated village. The town only celebrated its centennial in 1991. We know of only one other note of this issuer and it is a different denomination.

- 1704 Fort Gibson. C.N. [Cherokee Nation]. F.N. NASH. 50¢. (Burgett-2). Good, heavily stained in spots, ink corrosion holes at the right. (Photo) (\$750-Up)

Nash operated as a sutler at Fort Gibson (near the town of that name in Muskogee County), a post that had been abandoned by the United States in 1857 and was reactivated by the Confederates in 1861. Nash had a note kiting agreement with Myers Brothers in Fort Smith, White and Hanley in Van Buren (at both of which points this note was redeemable). They in turn made their notes redeemed with one another and with the additional firms of Sherman and Dickle at Fayette, AR; or with the firms of Alexander & Allen at Sherman and J. M. Smoot in Denton, Texas. Fort Gibson was reoccupied by Federal troops on April 5, 1863 and the post was not again abandoned until 1890. From 1861 to 1863, the Confederates used this position to protect their interests in Indian Territory among the Cherokee Indians and to use it to recruit manpower for the Confederate army. A roughly similar piece, but a \$2 bill, went for \$660 in lot 1100 of our September 1987 Sale.
